Chuckwalla Valley Raceway, 23500 Rice Rd, Desert Center CA

ALL MAKES & MODELS WELCOME! MOST OF OUR ENTRIES ARE NOT ALFAS!

If you haven't driven Chuckwalla Valley Raceway, you are in for a real treat! 17 constant radius turns, some elevation changes, and several long straights make this a really fun track for both high horsepower and lower horsepower cars. It's a great track for beginners since you won't need to do much shifting, and experienced racers will have a challenge strategizing the best opportunities to pass the competition.

Our [Race](#) and [Time Trial](#) Run Groups:

- **Beginner (DE/Solo):** For relatively new drivers, passing with point-by only in certain straight sections of track. Stock seat belts OK.
- **Intermediate (Point-By):** For drivers with more experience, additional passing on the track with a point-by. Stock seat belts OK for 2000 & newer cars unless engine mods or race tires (see Entry form, page 2 for more details).
- **Advanced (Open Passing):** For more experienced drivers & faster cars, passing anywhere on the track with no point-by required. 5 or 6 point harnesses
- **Race Group:** Wheel to wheel racing, typical racing equipment required.
